Being connected with several large manufacturing establishments and importing largely at sales, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to one of the most liberal nature, we flatter ourselves that we can say with safety that we can defer competition quite out of the question.
We would say to

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee

"The freemen of the North have a deep interest in keeping labor free, exclusively free, in the new territories. . . . MILWAUKEE, Aug. 5th.

First Gun from the North-west!

IOWA LEADS THE COLUMN FOR FREEDOM AND FREMONT!!

IOWA opened the political ball in brilliant style, on Monday last. The election was for members of Congress, State Officers and members of the Legislature. Two tickets were in the field, Republican and Democratic. *We have returns from* a few counties which show uniform gains for the Republican cause, and indicate that the State has gone for FREMONT by several thousand majority. We condense the returns as far as received, comparing them with the vote for Governor in 1854, when GRIMES, Republican, was elected Governor by nearly 2,500 majority:

	1854.		1856.	
Counties.	R.	D.	R.	D.
Dubuque	698	1101		400 m
Des Moines	1045	1316	80 m	
Scott	771	689	400 m	
Muscatine	730	619	800 m	
Jackson	495	717	150 m	
Louisa	345	405	300 m	
Van Buren	1067	1120	100 m	
Jefferson	967	771	300 m	
Henry	1164	1359	570 m	
	7043	7602	2556	400

Showing an aggregate gain in these nine counties of over TWO THOUSAND votes! If there has been anything like the same ratio of gain elsewhere, the Republican majority in the State will be overwhelming.

The Chicago *Tribune* thus notes two significant features in the contest, in Des Moines Co—heretofore always Democratic, but now giving a Republican majority:

Two features of the struggle were so marked as to demand comment. Our friends looked *for less than one* hundred German votes, but they got about two hundred and twenty-five, in solid column, much to the consternation of the Hunkers. It was expected that a part of the Fillmorites would go with us on the State ticket; but, to a man, they cast plumpers for the Buffalo Democracy.

The result in Iowa is an unerring indication of the set of the popular current throughout the NORTH WEST. This section of the Union will give an overwhelming vote for FREE SOILER, FREE PRESS, FREE LABOR, FREE MEN and FREMONT!

The Election in St. Louis.

The result of Monday's election in St. Louis and vicinity is a most encouraging "sign of the times." Col. BENTON, for Governor, beats his Sham Democratic competitor POLK, about *three thousand*, and EWING, the Know Nothing candidate, two thousand. What is still more significant, FRANCIS P. BLAIR, Jr., an avowed opponent of Slavery-extension and of the PIERCE Administration, is elected to Congress by upwards of a thousand majority. The People of St. Louis have done themselves honor by this noble vote, which sounds the death-knell of Border Ruffianism.

What the Friends of Fremont should do.

1. Form a Club in every village.

2. Canvass the Town, or Ward, or District, thoroughly, by means of Sub-Committees, classifying the voters, finding out their predilections, that the actual strength of the friends of Freedom may be known.

3. To see that every voter is supplied with reading of the right kind.

4. To make the election of JOHN C. FREMONT *paramount to all other questions.*

5. To remember that silent, persevering *action* is as valuable as public demonstration.

6. Let it be remembered, by all who may be called upon to make addresses, that long winded arguments are not what the people want; but short, pithy *speeches*, instead. There are but few men who can well occupy more than half an hour. *Speak to the point*, and leave off *at the right place!*

KNOW NOTHINGS IN THE FIELD.—Encouraged by the sympathy and support of the *News*, the Know Nothings are about to re-organize here, under the lead of L. W. KENNEDY, who invites the supporters of "FILLMORE AND DONELSON," to "record their names" at his office, that the "necessary steps may be taken."

River and Harbor Improvements.

The *News* of yesterday has the coolness to claim that Mr. BUCHANAN and his party are in favor of appropriations for the improvement of Western Rivers and Harbors; and pretends to doubt where Col. FREMONT and his friends stand on the question. This is sheer hypocrisy. Both parties have very clearly defined their positions in this regard, in their respective platforms. Let us contrast the two:

Cincinnati (Buchanan) Platform.

Resolved, That the Constitution *does not confer* upon the Government the power to commence and carry on a general *system of internal improvements.*

Philadelphia (Fremont) Platform.

Resolved, That appropriations by Congress for the improvement of Rivers and Harbors of a national character, required for the accommodation and security of our existing commerce, are authorized by the constitution and justified by the obligation of Government to protect the lives and property of its citizens.

The contrast between the two is sufficiently marked. It is quite unnecessary to add that each candidate accepts and abides by the declaration of principles thus put forth by their respective supporters. Mr. BUCHANAN, therefore, could not approve, nor Col. FREMONT veto, River and Harbor Appropriation Bills, without proving recreant to the faith which they herein profess.

We have in Mr. PIERCE a reliable index of Mr. BUCHANAN'S course on this question, should he be elected President. The Baltimore platform of 1852 is identical on this point with the Cincinnati platform of 1856. Faithful to this declaration of principles, PIERCE has *vetoed all Internal Improvement Bills*, and a majority of his party *sustain* that veto. Undoubtedly Mr. BUCHANAN, if he gets the chance, will "follow in the footsteps" of Mr. PIERCE. The only safety for Western Interests, as for the interests of Freedom, is in the election of JOHN C. FREMONT. He is a Western man, in all his sympathies, interests, and instincts. He has traversed almost the entire West, while BUCHANAN has never ventured West of the Alleghanies, and probably knows as little of this great region as does PIERCE, who vetoed the St. Clair Flats Bill because the improvement, after all, would only allow vessels, drawing 12 water, to pass, and that wouldn't materially help the Lake Commerce!

"Allied" Inventions.

From the Westfield (N. Y.) Transcript, (K. N. paper.)

"Thus another important qualification is established in the character of the Woolly Horse eater. A slaveholder! a *red-mouthed Roman Catholic!!* a PUBLIC SWINDLER!!! a GAMBLER!!! Hurrah for Fremont."

From the Beaver Dam Republican, (Buchanan organ.)

KEEP IT BEFORE THE PEOPLE.—That Col. Fremont is a Know-Nothing, a defaulter, a slaveholder, a Bully Brooks Border Ruffian, and a duellist.

From the Detroit Free Press, (Dem.)

Fremont a Native of Canada.

Under this caption, and on the authority of a "trustworthy correspondent," the N. Y. *Citizen* of August 2d says:—"There seems to be the most positive information that the black republican party have made a blunder in their nomination of FREMONT. A gentleman residing in the neighborhood of Detroit knew his father, and himself when a lad, in Montreal, Lower Canada, of which city he is supposed to be a native. Further information anon."

The Know-Nothing and Buchanan organs labor zealously together in these defamatory attacks upon Col. FREMONT. But their zeal outruns their judgment. While the Know-Nothings swear that he is "a red-mouthed Roman Catholic," the Buchaneers insist that he is a "Know-Nothing," and the Irish papers represent him as a foreigner! We suggest to these inventive gentlemen that they reconcile their conflicting fables before they ask the public to credit them. The easiest credulity may well be puzzled to believe, all at the same time, that FREMONT is a Catholic, a Know-Nothing, a Foreigner, a Defaulter, a Millionaire and a Bankrupt!

GERMAN CAMPAIGN DOCUMENT.—The German Fremont Club of this city have just published a pamphlet of 14 pages, containing an address to *the German electors of this State*; the Declaration of the German Fremont Club of this city; the *Platform* adopted by the Republican National Convention at Philadelphia; the eloquent appeal of GUSTAV STRUVE to his German countrymen, in behalf of FREMONT and FREEDOM; a brief biography of Col. FREMONT; the extract from Secretary MARCY'S report in 1846, narrating FREMONT'S brilliant services in California; a letter from the Patriot, HECKER; and other interesting political matter. We invoke the aid of Fremont clubs in circulating this document among the German electors of this State. Copies will be furnished *gratis*, on application to Mr. DOMSCHKE, Editor of the *Atlas*, or Box 1104, Milwaukee P. O. Another pamphlet will shortly be issued by the German Republican Club of this city, for general circulation; and friends of the good cause, willing to contribute their mite towards defraying the expense, are requested to send their subscriptions either to Mr. DOMSCHKE, or Box 1104, at the Post office.

HOW THE BUCHANEER PAPERS TALK.—The Beaver Dam *Republican* continues its defamatory attacks upon Col. FREMONT with a degree of effrontery and a reckless disregard of truth and decency, that must operate as an effectual antidote to all the venomous falsehoods which it daily retails. We quote a sample from its last issue, with the single remark that the cause which needs the help of such weapons must be desperate indeed:

The fact that Satan has enlisted the ministers of the gospel to shoot paper bullets at us from pop-gun intellects over the bulwarks of the pulpit is still another sign. But the best sign of all, is the fact that the whitewash has been partially rubbed off from the Free Soil candidate, revealing *the man in all his hideous deformity*;—a monster of corruption, whose gigantic swindles are at this moment astonishing his warmest friends; a slaveholder, who deals in the flesh and blood of white men, a Border Ruffian who vindicates his claims to good breeding, and makes good his tarnished prowess by assaulting United States Senators brutally and wilfully, a Know Knothing, who would deprive our foreign visitors of the rights God has given them—(although God's imbibers would rob them of these rights) and a defaulter, whose name and character even now, is not safe from the fatal blow of the San Francisco Vigilance Committee.

SUICIDE IN WALWORTH COUNTY.—We learn from the Geneva *Express* that the wife of Frederick A. Davis, living in the town of Linn, in that county, committed suicide on the 25th ult., while laboring under temporary derangement. She took a large dose of arsenic, and tho' medical assistance was promptly summoned, it was too late to be of any avail. Mrs. Davis leaves a husband and four children to mourn her sad fate.

ACKNOWLEDGMENT.—We are indebted to Senator DURKEE for Volume I of Commodore PERRY'S Expedition to Japan; a splendid work, published in quarto form on large type, and fine, white paper, and embellished with numerous admirably executed engravings and illustrations.

FIRE AT ROCHESTER, N. Y.—The large Seale and Safe Works of Messrs. Duryee & Forsyth, together with Grave's Tannery were consumed by fire on Saturday last. Loss of Messrs. Duryee and Forsyth $40,000; insurance $20,000. There was an insurance of $7,000 on the stock in the tannery.

NEW PATENTS.—The following are from the list for the week ending July 29.

T. T. Prosser of Oconomowoc, Wis. For improved sewing machine.

B. F. Wheelock of Maysville, Wis. For improvement in sad iron heaters.

$300 PRIZES FOR SONGS!!—One hundred dollars will be paid for the best Republican Song in English, and one hundred dollars for the best one in German. The songs must be handed in before 1st September, 1856, to this office.

If equal in other respects, preference will be given to songs adapted to the air of "*Sons in Trouble*," from *Il Puritani*.

The umpires selected to decide upon the poems have not yet been heard from, but as soon as they will be announced.—*N. Y. Eve. Post.*

NO. 86.

MOUNT CARMEL, April 12th, 1856.

Take another look around Jerusalem—The Lamentation of the Jews—The Pilgrims of the House of David—The site of the Palace of David and his Tomb—An American Jew—The Lepers—The Tombs of Godfrey of Bouillon and his Brother Baldwin—The Valley of Hinnom and Hill of Evil Counsel—The Pool—The Tombs of the Kings—The Cave of Jeremiah—The Mosque of Omar—Mount of Samuel and Mount Gibeon—Arrive at Mount Carmel.

After resting from the fatigues of our trip to the Dead Sea, we again commenced examining the remaining places of interest unvisited in the City of Jerusalem. It being Friday, a day set apart for such purposes among the Jews, we went to the site of Solomon's Temple where some portions of the foundations are still left, and where at a certain hour on this day each week the Jews meet and make lamentations. It is painful to see and hear them; the old of both sexes and the young prostrate themselves before the walls, sometimes singing the lamentations of Jeremiah, the Songs of Solomon and Psalms of David; and at other times, putting their mouths to the crevices in the stones of the base of the temple, pray for the restoration of the Jews and the second coming of David. Many become so earnest and affected that their sobs may be heard a long way off. This wall, which once formed a part of the temple of Solomon, is a part of a wall that surrounds the great Mosque of Omar—the most celebrated mosque in the world. I think I counted some nine courses of stone that have every appearance of once having been a part of some magnificent building, and they are so large *that no human force*, and even the convulsions of nature itself, has been unable to throw them down. The sizes of these stones are from eighteen to twenty-five feet in length and of immense thickness. The Jews form quite a large proportion of the population of the city. Many of them are very poor indeed, subsisting upon the charity of the wealthy classes of that singular people. There are several of their cemeteries here and they are very large. There are among them no monuments—hardly anything except a long stone nearly the length of the grave, which is laid down lengthwise on the grave itself. It is a great consolation to the Jew to die here, for there is a tradition among them that the country will once more be restored to their people. Consequently they come from the farthest places on the globe to die and be buried here. Some have the means of getting here, but a large proportion with their scrip and staff, beg their way through countries that hate their race, and at last, worn out by long suffering, hardship and hunger—with emaciated features and trembling limbs, they totter along over the mountains until the domes and minarets of the Holy City greet their longing eyes—a strange excitement once more sends the little remaining curdling blood through their veins, and they reach the gate. A few days pass and they are gathered to their fathers. I am told that there are thousands who annually come here just to die and be buried.

We visited two of the Jew's Synagogues. They are similar to the Mosques. In the center is a reserved spot somewhat elevated and similarly finished to our pulpits, from which the Rabbi addresses their hearers. In one end of the building there is finished off in a peculiar style the tabernacle, to which there is no access. In this are kept the holy vessels and the ritual as well as the traditional records of their church—all written in Hebrew on parchment. As the female part of the congregation are not allowed to be seen by the men during worship, there are galleries running around the synagogue above, which have screens in front, that prevent their being seen.

Leaving the Synagogues we went to the site of the palace of David. It is situated on Mt. Zion and is one of the most commanding points in the city. There are some modern buildings erected by the Turks along the brow of the hill where the palace once stood. One of the buildings is occupied by an American—a converted Jew, strange as it may appear. He is a most singular man. At first he was a Quaker, and then commenced changing from one thing to another, until *a most violent disagreement* between himself and his wife took place, when, according to his story, she got, not only a divorce from him, but all his property and himself snugly ensconced in an insane asylum. After a number of years he got released, turned Jew, came on to Jerusalem at the age of seventy, was circumcised, married again, and is now one of the Rabbi. We visited his house and were introduced to his wife, who was quite young—I should judge not exceeding twenty-eight years of age—and yet she had two daughters, the oldest of whom was under twelve years of age, but had already several offers for her hand in marriage. Although thro' all this country marriages take place when the parties are very young, yet it is particularly so among the Jews. The bridegroom never sees the bride until after marriage; and all the forms and ceremonies both before and after the wedding are just as much enforced and held binding as they were when they were penned in the holy book. So said the old gentleman, and he appeared to know. The house being in some confusion when we went in, by the servant having everything topsy-turvy, he remarked that, as the feast of the Passover was coming on, they were preparing for it. His wife was sitting with a very young child in her arms, but did not join in the conversation because she spoke no English.

After spending some two hours here we repaired to the quarter of the city occupied by the Lepers, which I subsequently visited again. How singular it is that this unfortunate race still exist here and have existed here for all time and still are found no where else. And what is stranger still, although thousands of years have passed away, yet they are the same and may be known the same way as pointed out in the 13th and 14th chapters of Leviticus. Of their personal appearance and their abject condition in life, I give a livel. picture of them, drawn by Rose Brown.—In speaking of both and the location in which they are obliged to live, he says:

"Dirt and disease go revoltingly together here; gaunt famine stalks in the streets; a constant moan of suffering swells upon the dead air, and sin broods darkly over the ruin it has brought in that gloomy and ill-fated spot. Wasted forms sit in the door-ways; faces covered with white scales and sightless eyes are turned upward; skeleton's arms distorted and livid with the ravages of leprosy, are outstretched from the foul, moving mass; and a low howl is heard—the howl of the stricken for alms; alms, oh stranger, for the love of God! alms to feed the inexorable destroyer! alms to prolong this dreary and hopeless misery! Look upon it, stranger, you who walk forth in all your pride and strength and breathe the fresh air of Heaven; you who have never known what it is to be shunned by your fellow-man, as a thing unclean and accursed; you who deem yourself unblest with all the blessings that God has given you upon earth; look upon it and learn that there is a misery beyond all that you have conceived in your gloomiest hours—a misery that can still be endured; learn that even the Leper, with death gnawing at his vitals, and unceasing tortures in his blood, cast out from the society of his fellow-men, forbidden to touch in friendship or affection the hand of the untainted, still struggles for life, and deems each hour precious that keeps him from the grave.

The quarter of the Lepers is a sad and impressive place. By the laws of the land, which have existed from scriptural times, they are isolated from all contact with their fellow-men; yet there seems to be no prohibition to their going out beyond the walls of Jerusalem and begging by the road-side. Near the gate of Zion, on the way to Bethlehem, I saw many of them sitting on the rocks, their hideous faces [illegible], throwing forth their scaly hands for alms. Their huts are rudely constructed of earth and stones, seldom with more than one apartment, and this so filthy and loathsome that it seemed unfit to be occupied by swine. Here they live, whole families together, without distinction of sex; and their dreadful malady is perpetuated from generation to generation, and the groans of the aged and the dying are mingled with the feeble wail of the young that have brought forth troubled for a life of misery. Strange and mournful thoughts arise in the contemplation of the bad condition and problable destiny of these ill-fated beings. Among so many, there must be some in whose hearts the power of true love is implanted; love for woman in its purest sense, for offspring, for all the endearments of domestic life which the untainted are capable of feeling; yet doomed never to exercise the affections without perpetuating the curse! some, too, in whom there are hidden powers of mind, unknown save to themselves; ambition that corrodes with unabating aspirations; a thirst for action that burns within unceasingly, yet never can be assuaged; all the ruling passions that are implanted in man for great and noble purposes, never, never to give one moment's pleasure unmixed with the perpetual gloom of that curse which dwells in the blood."

Not far from the quarters of these unfortunate beings is the tomb of David, a place very much venerated by the Turks—so much so that it is perpetually guarded, and no Frank is permitted to descend into it. We also visited the room which is said to be the one where Christ and his disciples partook of the last supper. It has long since been converted into a mosque, but every one has the privilege of visiting it. Before leaving the city, I visited several times the Holy Sepulchre. The last time was to see the tombs of Godfrey of Bouillon and his brother Baldwin.

It was with a mixture of pain and pleasure that I stood beside the tombs of these renowned christian warriors, who gallantly led the Crusaders on through the perils of sea and land under the banner of the holy cross. The monuments erected to their memory were destroyed once by a fire that consumed a portion of the church itself. They have been in part restored. There was an epitaph in latin on the former, which, when translated reads as follows: "Here lies the famous Godfrey of Bouillon who gained over to the christian religion this whole land—whose soul repose in peace! Amen."

Baldwin, I think, was elected King of Jerusalem and reigned until his death, which was not but a few months. The epitaph on his tomb was very long—the last line of a noble tribute to his memory ran and something may turn up to deceive that programme but that this is the present arrangement, I am confident.

What is to happen next? Who knows? Is this a underful change in Mr. Pierce since the Cincinnati Convention, to be attributed to a selfish desire on his part to run Mr. Buchanan in the South? Or is it the result of a pressure of Northern Buchaneers to save the old gentleman of Wheatland in the North? Will somebody explain? H.

JULIUS A. JEGER says

NEW ELIZABETH, Hendricks Co., Ind., June 24, 1854.—"I should like you to send me a lot of your German Bitters. I know them to be a valuable medicine, deserving all the reputation they have acquired. I have used them in my own family, and they have proven a *certain remedy* for eradicating the *fever and ague*. I have used them successfully for two years."

WILLIAM NORTON says:

HEATHCOCKS, Ind., Sept. 20, 1854.—Send me another supply of Bitters immediately. They sell rapidly and give the most unbounded satisfaction in every case. I do not know of but one instance in which I have sold one bottle, that the person did not return for more, and in that case, the *one bottle cured the person.*"

BEATING HIS WIFE.—Bernhard Mack, for beating his wife was sent to jail for 30 days.

Isabella Wilson, for disorderly conduct, fined $3, execution issued.

High Price for School Lots.

Messrs. Editors:—I observe that the Common Council has resolved to pay *twelve thousand dollars* to Otis B Hopkins, for two inner lots, (9 and 10,) in block 68, (Jefferson street) Seventh Ward, for a School House site. This is *six thousand dollars per lot*—a most exorbitant price—which no individual would dream of paying, and which the city, therefore, ought not to be made to pay. Can you tell me who made this "hard bargain" for the city, and what he got for it?

TAX PAYER

Milwaukee, Aug 6th, 1856.

(We presume that the School House Committee, Ald. SADLER Chairman, made the bargain; and that he probably got the thanks of his brother-in-law, Mr. HOPKINS, for enabling him to effect so good an operation.—*Ed. Sentinel*)

RIPON, August 6th, 1856.

MESSRS. EDITORS.—The Ripon and Grandville Cents will be on hand at Milwaukee, on Tuesday, August 12th, by the first train from Waupun, and they would like some of your Cents to meet them at the depot, as some of them know where the Cricket ground is:

Yours respectfully,

[How, Gentlemen of the Milwaukee Club, hush up and prepare for a well contested game!—ED. SENTINEL.]

Board of Underwriters.

A meeting of the Milwaukee Board of Underwriters, for the election of officers, was held yesterday, and resulted in the choice of the following gentlemen:

President—PATRICK REYES.
Vice President—ALLEN WHEELER.
Secretary and Treasurer—W. H. HOLLAND.
Committee to examine Buildings—Messrs Grain, Holland and Wheeler.
Revising Committee—Messrs Grain, Bade and Wheeler.

NEW POLICE OFFICE.—The Committee appointed by the Common Council have engaged the long room immediately over Berliner & Bruno's store for a Police office, at a rental of $250 per annum; the lease runs five years from the first of May last.

The room is 90 by 20 and is pretty well ventilated. It will be fitted up and occupied as soon as possible

In the rear is that pond of filthy water, green and slimy, long since ordered to be filled up.

ACCIDENT TO THE TUG BOAT DECATUR.—An accident happened to the tug boat *Decatur*, yesterday, by which the whole of her wheel house was torn away. She was going alongside the schooner *Norway*, for the purpose of towing her, when the stake of the schooner's anchor caught in the wheel house of the tug, tearing it away.—She immediately went to Jones' Ship Yard, to be repaired.

FOR COLLINGWOOD.—The *Queen City*, for Collingwood, took a very good load of passengers from this port, yesterday morning. The next steamer of the line is the *Buckeye State*, a very fine vessel, which leaves here Friday morning. L. D. JEROME on Huron street, near Main, is the Agent and will provide berths and tickets.

PORTRAITS OF THE CANDIDATES.—Large and fine Lithographed portraits of Col. FREMONT and Mr. BUCHANAN, the candidates for the Presidency, may be found at the store of Messrs. NEIDECKER & Co., at No. 219 East Water Street, (Kneeland's Block.) A handsome collection of Mezzotints may also be seen there.

ACCIDENT AT A CLAY BANK.—A man named Patrick Delahanty was seriously, if not fatally injured, yesterday forenoon, by the caving in of a bank of earth at which he was digging. He was taken home to his residence on Jefferson street, quite insensible.

CLOSING OUT SALE.—In our advertising columns will be found an advertisement of a closing out sale at the "Milwaukee Savings Store." This is a good chance for bargains, as the MACES offer all their tempting array of goods at remarkably low rates.

HIGHLANDERS COMING TO MILWAUKEE.—The Highland Guard, of Chicago, decidedly a handsome company, announce an excursion to this city, on the 19th inst. They leave Chicago at 7 P. M., on the *Cleveland*, and return hence the next day.

"SPLENDID FARM"—Attention is invited to the advertisement of J. F. Hallett, in to day's paper, offering for sale a splendid farm.

THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday, 3d inst., for building a bridge across the Wisconsin river, on the line of their road. This road extends in a north-westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock width on the bridge for 60 feet above low water, at which point they are at the grade of the line of the road, and about 200 feet apart. The water is about 30 feet deep, having in the middle of the channel a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 6 feet deep at low water, with a stone rock bottom, giving a span in the middle of 200 feet, and two short spans at the sides, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the former, at the centre of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished; but in case of their giving the contract to any other on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

City Land Office.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the Lacrosse and Milwaukee Railroad crosses the river, and must and will be the important station between Milwaukee and La Crosse.

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacture of lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this water power. The Wisconsin River abounds in pine forests which are more extensive than those any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 80 feet at the river bank to an elevation of some 200 feet, which is eastward of the table land two miles east of the river. The whole is Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City has laid out and building commenced in Sept. last, since which time some 15 or 20 buildings have been enclosed, at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact, it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City. One word is sufficient and that is this. There has been no city laid out in many years which has offered so many inducements and advantages, and where capitalists can invest their money to certainly as in Kilbourn City.

To those who are emigrating to this country here is a great opportunity. Go and and attend this sale, which comes off Monday, August 18th and continues from day to day through the week. Over one thousand lots will be offered. The terms of payment will be very easy. A small amount will be required down, and the balance on long time, (particularly to those who intend to build.)

Kilbourn City is in Columbia Co., State of Wisconsin—You take cars from Milwaukee to Beaver Dam, where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days, and can be obtained by calling at my office.

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment!

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile west of the city limits, and 324 miles from the Wabash & Erie Canal at Fort Wayne. It is situated upon four corners, and hence has

MILE OF ROAD AROUND IT,

And nothing is put into eight lots of twenty acres each, with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, while forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will be in view.

The farm has ever been esteemed the best of its size in Milwaukie county. It is warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation, (one half timber in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 60 feet, and about 200 choice young apple trees. A thrifty young orchard of nearly *five hundred apple trees.*

NINETY ACRES OF THE FARM

IS STILL COVERED WITH A

Heavy Growth of Uncalled Timber,

one third of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, wharf and wagon timber,) and half a dozen black walnut trees, alone worth $15 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood only, over $10,000

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and hitherto occupied it as my homestead, I am unwilling even now, though I have made up my mind to sell it, to break it up and sell to parcels. To one or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie within the last two years. PETER YATES.
